NEW College Partnerships

IHA is excited to announce that we have engaged in several formal partnerships with colleges and universities. As part of these partnerships, eligible IHA students can enjoy guaranteed acceptance, scholarship opportunities, and a streamlined college application process. Students who achieve the required GPA and successfully fulfill IHA's academic and community service requirements are eligible to take advantage of these exciting opportunities. These partnerships reflect the confidence colleges and universities place in the strength of an IHA education, recognizing the academic rigor, dedication, and excellence that define our students. We currently have five partnership agreements and plan to offer additional college partnerships in the future! At this time, our current partnerships include Iona University, Loyola University Maryland, Fairleigh Dickinson University, Mount Saint Mary College, and The Catholic University of America.
